Rebuilding Together Solano County provides rehabilitation services to low-income homeowners (seniors/veterans/disabled) and community facilities. Youth and Family Services helps the most vulnerable members of our community heal themselves from the pain caused by substance abuse and mental health through family-focused and comprehensive education and treatment.

The donated funds raised by this community event will allow Rebuilding Together Solano County to rehabilitate Youth and Family Services (a Vallejo facility serving children and youth) and other community rehabilitation projects in Solano County.

**See You There!!**
